DEVELOPMENT DEPARTMENT

G.O.CONFIDENTIAL No.3269 Dated 21st August 1950.

Read:-

An instance has come to the notice of the Government where a certain non-official was proposed by the Head of a Department for nomination to a particular committee though that non-official was not in the least connected with the subject matter to be investigated by the Committee. He happened to be a relation of one of the Hon'ble Ministers. Relationship with Hon'ble Ministers is not by itself a disqualification but that should not be the criterion for proposing the nomination. The purpose of creating an Advisory Committee is to obtain the considered expert opinion of persons who have close connections with the subject matter of the Committee or who have real interest in the subject. It should also never be the intention to treat membership as places of honour and dignity and to nominate persons therefor more to adorn their ranks than to be of real assistance. It is essential to nominate the right sort of people to such committees. As a healthy convention, the nomination of non-officials to serve on committees should be done in a distributd manner always securing deserving men,- Nominations for various committees should not also be confined to a few individuals alone.

Heads of Departments are requested to keep the above instruc-
